Station Udipi, *Dated the* 15th January 19 34.

From (Name) M.R.Ry H.Ramayya Shetty Avl.,
(Designation) President, Taluk Board, Udipi.

To The Secretary to the Government of Madras,
Through Local Self Government .. Department.
The President, District, Board,
South Kanara, Mangalore.

Sir,

In 1926, the Taluk Board proposed to sink a well at Padubidri and entrusted the work the same year to one Y.Bhojarajaya, a local contractor.

2. The work was undertaken, and materials therefor were paid during 1926-27. Early in the year 1927-28, the well curb was laid, and after the monsoon was over, steining with laterite stones in lime mortar was finished in that year. Further payment was also made.

3. The well as thus completed is reported to have stood for one complete monsoon. In the subsequent

year, i.e., in 1928-29, during heavy rains, the well collapsed. The reason for the collapse of the well is attributed by the Engineering department to the treacherous nature of the sub soil and heavy springs.

4. The contractor cannot be held responsible for the collapse of the well, for the reasons given by the District Board Engineer, South Kanara, in para 3 supra. The contractor has thus been not paid for the work in full, in final settlement so far. He has therefore issued registered notices to the Taluk Board claiming his final dues. But the District Board Engineer, South Kanara, says that the work is not susceptible of checkmeasurement now, and that therefore no final payment can be made to the contractor without the sanction of the Government. I have therefore the honour to request that the Government may be pleased to accord sanction to the payment to the contractor, his final dues as per the terms of the agreement without checkmeasurement as it is not feasible to do so, under the circumstances reported above. Sanction may also be accorded for the payment of the 10% amount with-held from the running bills of the contractor.

I have the honour to be,

Sir,

Your most obedient servant,

President.

From (Name) M.R.Ry A.B.Shetty Avergal, M.L.C.
(Designation) President, District Board, South Kanara.

To The Secretary to the Government of Madras,
Local Self Government Department.

Sir,

page 3 ante

Advertin,' to Government Memo No. 7170-1E1 P.H., dated 27-2-34, I have the honour to state that the District Board Engineer reports that the delay in the checkmeasurement of wells is generally due (i) to verify the adequate supply of water in the driest month of the next season and (ii) to test the stability of steining built after the previous rains by observation in the next driest month after one full monsoon was over. The work of well in question was, therefore, not checkmeasured till the year 28-29.

2. The amount already paid to the contractor

P.T.O.

is Rs 650/- and that amount still remains to be paid to him is only Rs 73/-.

I have the honour to be,

Sir,

Your most obedient servant,

President.
